Nation's Air Center

Moffett field at Sunnyvale was selected last week as the site for a new \$10,000,000 aeronautical research laboratory by the National Advisory committee of Aeronautics.

Climaxing a seven-month battle, the announcement came upon the heels of a recommendation by Colonel Charles A. Lindbergh. Fifty-four other communities throughout the United States had competed for the laboratory.

Of the \$10,000,000 authorized, \$1,900,000 has already been appropriated, assuring beginning of construction in the immediate future.

The new research laboratory will bring Moffett field to equal rank with the best in the nation.

Water Department Repairs Leak

Working feverishly until 4:30 a. m., Thursday to locate and repair a serious leak threatening the local water supply, a crew of workmen at San Jose and Mission streets last week rendered notable service to the city, A. J. Bodien, water superintendent, reported today.

With two of their members near collapse from the heat, the crew stuck to their jobs so that there was no interruption of city water service.

Repairing of the leak will also effect a substantial financial saving to the city, according to Bodien.

The intense heat affected the fire alarm system to such an extent that electric fans had to be run twenty-four hours a day to keep the transformers cool, Bodien reported.

Despite difficulties, there was no interruption of either water service or fire protection during the seven sweltering days last week.

Open Door Policy (Editorial)

"Give citizens rights and privileges, and such liberties are ignored—deny those same rights and privileges, and voters clamor for them."

This is a regrettable truism, evidenced by the fact that thousands of California citizens will not be able to cast ballots November 7 simply because they have not taken the trouble to register.

The Record urges every local citizen who is not registered to do so immediately. Tomorrow, September 28, is the deadline. You must register on or before that day in order to vote November 7. DO IT TODAY!

Consistent with its general "open door" policy in publishing all sides of a public question, The Record, starting with next week's publication, will set aside space for pro and con interests to discuss issues of the November 7 ballot.

FIRE COMPANY HONORS THREE AT DINNER

Comrades Foppiano,
Augustien and Cuneo
Presented Pins

Honoring three comrades who have completed twenty-five years of service with the fire department, members of Company No. 4, D. C. F. D., met at Ric's cafe Saturday evening for a dinner dance arranged by Captain Albert Sundstrom.

Highlight of the evening was presentation of twenty-five year service pins to Comrades Ronaldo Foppiano, George Augustien and E. J. Cuneo, who have served as active and loyal firemen for that length of time.

After the turkey dinner was eaten, Captain Sundstrom, the master of ceremonies, called upon Chief A. P. Chesney to make the presentation to Comrade Ronaldo Foppiano, whose twenty-five years were completed in January.

The Chief called the attention of the younger members to the hard work which had been connected with the fire department in early days and told how these three comrades were among those who had never shirked their share of the work.

The captain then called on Assistant Chief A. J. Bodien to present a pin to Comrade George Augustien, whose twenty-five years of service with the department had been completed in June.

Commissioner John Coleman presented a similar pin to Comrade E. J. Cuneo, whose twenty-five years were completed in August.

The three honored comrades spoke of old times, and expressed their appreciation to the company for the pins.

Last year the company presented Chief of Police (Barney) Hilton, the only charter member who is still on active duty, with the first of these service pins. Company No. 4 is proud to have four members on the active list who have served the community so long and so faithfully.

After the presentations, coffee and a large (old-timers') cake was served. Music and dancing for both young and old were enjoyed until the small hours of the morning.

Captain Sundstrom was congratulated by all upon arranging the successful affair.

Guests at the dinner and dance included Chief and Mrs. A. P. Chesney, Assistant Chief and Mrs. A. J. Bodien, Commissioner and Mrs. J. Coleman, Captain and Mrs. A. Sundstrom, Lieutenant and Mrs. V. Fenstermaker, Chief of Police and Mrs. A. L. Hilton, Mr. and Mrs. George Augustien, Mr. and Mrs. E. J. Cuneo, Mr. and Mrs. W. Davis, Mr. and Mrs. R. Foppiano, Mr. and Mrs. F. Mather, Mr. and Mrs. H. Sunderman jr., Mr. and Mrs. A. Vireno, Buster Foppiano and Jeff Lee.

Start Publication Of Fire Dept. History

Publication of the first installment of an informal history of the Daly City Fire department, scheduled to start today, has been postponed until October 4.

The history, compiled and written by William J. C. Goldkuhl, E. W. Goldkuhl sr., and Edward W. Goldkuhl jr., will be started in next week's issue of The Record.

Unique Desert Plants Bloom in Daly City

Unusually hot weather here last week brought in to yellow bloom two unique desert plants, Agave Americana, family of Amaryllidaceae, commonly called century plants.

Century plants bloom approximately every 25 years. The cactus base sends up a shoot which grows at the phenomenal rate of four to five inches per day to a height of 30 to 40 feet. Branches at the top of the plant blossom out with hundreds of yellow, nectar-filled blooms. After blooming, the entire plant dies.

To the left are pictured Mr. and Mrs. Martin Johnson in the backyard of their home, 401 Westlake avenue, where one of the century plants is now in bloom. Plant at the right is located at the front of Michael McGan's home, 139 Santa Barbara avenue. Most unusual, say local gardeners and nurserymen, is the fact that

two of the plants should bloom in the same season. For more ordinary plants and garden hints see page 6.

Judge Clay Warns Two Boys

That a practical joke may have serious consequences was demonstrated Friday when Robert Weckerle, 27 Hillcrest drive, and Stewart Steele, 3524 Twentieth street, were brought before Judge Wade H. Clay to answer for turning in a false alarm, which Thursday afternoon brought a fire engine, ambulance and tow car to the neighborhood of 421 Vista Grande avenue.

Pointing out that such an offense may be referred to the Supreme Court and carries a maximum penalty of a \$5,000 fine, Judge Clay issued a stern warning to the two boys before releasing them on a \$10 fine each, and six months' probation.

Other offenders brought before the court Friday included Marcela Sordelli, 4227 Twenty-fifth avenue, San Francisco, fined \$10 for speeding; Robert B. Sharkey, 477 Elm street, San Bruno, fined \$10 for speeding, and Alfred Kallman, 35 Edinburgh street, fined \$2.50 for driving through a traffic light.

City Engineer Reports Eleven Permits

Building permits issued so far this month total \$22,800, City Engineer Julius F. Castelan reported today. Eleven permits have been issued this September, as against ten during September of last year.

The city engineer reported purchase of additional piping to extend water facilities to the top edges of Vista Grande park in order to care for the new plants there.

It is proposed to raise the edges of the park eight inches higher than the street level, in order to keep the winter rains from draining down into the park. The city council Monday evening authorized the purchase of 200 yards of loam for Vista Grande park.

A program which should prove of interest to the general public will be presented from 4:45 to 5 p. m. today over Station KPO, Castelan said, when Colonel F. C. Harrington, WPA Commissioner, will speak on "The WPA Program and the European War."

Two Local Men Instrumental In Rescue

Bob Hamlin and Bud Radcliff, drivers of Mission ambulance, were principals in a thrilling drowning rescue at Mussel Rock Saturday evening.

George Sawyer, 15, freshman at Balboa high school, was caught in a sweeping undertow near the rocks and carried out to sea. His brother Aaron made a rescue attempt, but failed to bring George in.

Expert swimmers on the scene finally succeeded in bringing the Balboa freshman to shore, unconscious, his lungs filled with water. They applied artificial respiration.

Mission ambulance answered the call to Mussel Rock. Hamlin and Radcliff carried George more than a quarter mile up precarious cliffs and over rough terrain to the ambulance and rushed him to Villa sanitarium.

Attendants held little hope for the boy for he had been unconscious more than an hour. Exciting climax came when the victim finally responded to treatment in the respirator and was sent home within an hour.

Jeff Indians Have New Acts

It might be called a "wide range of appeal" or it might be called just "oomph," but whatever it is, Jefferson's Indians of Rhythm have what it takes!

During the next few weeks, the famous swingsters, under their leader, Dante P. Lembi, will appear in such widely-divergent spots as the Daly City theatre, Treasure Island, a "hot ching swing," a San Francisco Exchange club meeting and a national convention of stamp collectors.

Featured members of the troupe entertained the Pioneer Philatelic Phalanx Monday night at the Palace hotel and will appear there again Thursday. The Vernazza family staged a come-back; a freshman, Frank Rivas, proved a hit with Mexican songs on the accordion, while his sister sang.

Current Figure Up Eleven Cents Over Last Year

Daly City's tax rate for the fiscal year 1939-40 was set at 91 cents per hundred dollars of assessed valuation by the city council Monday evening. The 91 cent figure boosts the rate eleven cents over last year's 80 cent total.

Civic improvements including the new city hall, library, parks and playgrounds are chief items responsible for the increased rate. Below is a breakdown of the 1938-39 rate as compared to the 1939-40 rate:

Prices include all Federal taxes and standard equipment such as bumpers, bumper guards, spare tire and wheel, two tail lights, safety glass, fenders and sheet metal painted to match standard body color, and also “Airfoam” seat cushions in DeLuxe models. Cost of transportation, state and local taxes, if any, are additional to the prices as announced.

While prices of certain 1940 models are reduced and others remain unchanged, it was pointed out by Dodge executives that the announced prices represent enhanced values owing to the numerous improvements that have been incorporated in the new 1940 offerings.

Dodge is handled locally by Pantaleoni Brothers, 7046-7054 Mission street.

GUILTY OF MURDER!

"Guilty of murder"—is a phrase that has an ugly sound to every right-thinking person. Yet the phrase, "guilty of traffic transgressions," so often really synonymous with the first, seldom occasions more than a slight disgust. This paradoxical public apathy to the traffic death toll must stop!

All over the country, thousands of children have returned to school. This means that every motorist has an added responsibility to drive with care. Almost every emergency can be met safely if the driver is proceeding slowly enough, if his mind is really on the job of driving safely.

Let's stop the death-toll on the highways—by always driving carefully ourselves and by fighting at every step for sterner control of those who heedlessly violate the rules of traffic safety.

Mayor Rossi

All true Americans are praying for peace and understanding in this troubled time. There can be no better way to show the world that we of San Francisco are a people, united for country and city, than to participate as one huge family in celebrating OUR DAY at Treasure Island.

Let us therefore, gather at the Island on that day to pay homage to those who had the vision to create our Exposition and to the men and women of Labor who builded it.

Let us make San Francisco Day the greatest celebration in the Exposition's history.

ANGELO J. ROSSI
Mayor of San Francisco

"Make San Francisco Day At Fair Great Success" Says Rossi

Fellow Citizens:

San Francisco is a city with a heart and a distinct personality.

Down through the years we have been acclaimed for our hospitality and understanding.

In 1915 during the Panama Pacific International Exposition we played host to the World. Again in 1939 Treasure Island and our Golden Gate International Exposition have been a magnet toward which all the people on the globe have been drawn.

On September 30th we San Franciscans can exhibit to our friends near and far that we are most enthusiastic about this glorious "Pageant of the Pacific."

On Treasure Island September 30th we will celebrate SAN FRANCISCO DAY. As loyal Americans and as true San Franciscans we should make manifest the fact that the theme of the Exposition is truly our theme—peace and understanding among the nations of the Pacific.

Sailing for Italy last April, Gelsi had spent most of his time on the historic isle of Elba, where his mother resides. Like other American citizens in Europe, he had difficulty securing passage home when the war broke out. Gelsi will arrive in Daly City Saturday.

Speaker Explains "\$30 Every Thursday"

Eddie Krueger spoke on the "\$30 Every Thursday" movement, Friday, at the Masonic hall, to an audience of more than one hundred people.

His talk dealt largely with the proposed operation of the plan. Krueger declared that anything could be used as a medium of exchange if a law was passed to that effect. He cited instances of clam shells used for money in Pismo Beach, California, in 1933; of squares of shingles, issued by the chamber of commerce in a small town in the state of Washington, and the script used in San Francisco after the fire of 1907 and in Chicago in 1933.

Krueger also discussed the People's Redemption Bank, through which merchants could supposedly pay bills and obtain credits and drafts with warrants.

"Go to the polls on November 7, and vote," he admonished the audience at the close of his speech.

Garden Tips - Spring Flowering Bulbs

by August Conci

The most important spring flowering bulbs are tulip, narcissus and hyacinth. There are also a large number of minor bulb plants of spring flowering habit, such as crocus, chionodoxa, fritillaria and grape hyacinth. Lilies are also grown from bulbs, but are usually considered among the perennial plants.

Tulip Types

Darwin tulips are the most widely planted. They may be had in many brilliant colors and have strong, long stems. The Ideal Darwin is a new type of these that includes many magnificent blooms in gorgeous colors. Breeder tulips are taller and bloom later than the Darwins. The blooms are larger and the colors richer and more subdued. Cottage tulips bloom a bit earlier than the Darwins, with blossoms long and oval and petals reflexed. They include many beautiful shades, especially good yellows. Single early tulips are used mainly for forcing. Early Doubles, quite hardy, should be in every garden.

In addition to these more generally grown types, there are various other classes of tulips such as Multiflowered, Parrot, Peony-Flowered, Rembrandt, Bizarre, Bybloem, and Tulipa grullemanni. There are also about 25 various species and botanical tulips and a number of dwarf habit.

Tulips are planted in October and November in most sections of the country, about October 1 to 15 for Daly City and vicinity.

All bulbs, hyacinth, tulip, narcissus and daffodil, should be planted in ground well prepared and thoroughly drained. Manure rotted down to humus can be worked into the ground, or better, use peat moss. Superphosphate can be worked into the soil in small amounts.

Planting Tools

Plant most bulbs with a strong,

one-piece forged steel trowel. For the smaller, the transplanting trowel can be used. Make sure the bulbs rest directly on the soil and that there is no air pocket underneath. It is important that bulbs be planted the same depth, especially tulips, so that all in a bed or mass will be in bloom at the same time. Plant crocuses so that the top of the bulb is three inches below the surface and bulbs three to four inches apart. Similar directions for other bulbs are: tulips, 4 inches down, 4 to 6 inches apart; narcissi, 5 inches down, 6 to 12 inches apart; lilies, 6 inches down and a foot or more apart.

Planting Suggestions For A Better Garden

- * Have soil prepared before planting.
- * Be sure plants are set the right distance apart.
- * Consider blooming height of various plants before laying out garden.
- * Plant bulbs the same depth for even blooming.
- * More detailed information at any of the nursery-florists on this page.

PWA Funds Aid Calif. Schools

Fifty thousand California students returning to school this month found themselves in new, modern classrooms built during the past year with the aid of funds allotted by the Public Works Administration.

Kenneth A. Godwin, PWA regional director, stated that since 1933, when PWA first began to function as a recovery agency, allotments have been made for 414 school projects in California. These projects, representing an investment of approximately \$100,000,000, have added 8,280 classrooms, with accommodations for around 200,000 students, to California's public schools and institutions of higher learning.

An outstanding feature of schools built according to PWA specifications are the safety factors that have been introduced. Students entering the new PWA-financed schools will find plenty of wide stairways and exits for use in case of emergency, with no dead-end corridors that might prove to be firetraps. Fire-resistant materials are specified for every PWA school project. In some areas, particularly in Southern California, extra precautions have been taken to reduce earthquake hazards by designing and constructing school buildings in a manner to resist earth shocks.

Pass Ordinances

An ordinance rezoning an area of Vista Grande tract as residential property was passed by a unanimous vote of the council. The proposed gas piping ordinance regulating inspection of new work and installation of gas appliances, was laid over, pending the meeting of the city engineer with local plumbers and appliance dealers.

The council passed a resolution designating portions of Wellington avenue, Hanover and Acton streets as streets of major importance in order to secure quarter cent gas tax funds from the state to maintain those thoroughfares. Local builders and building tradesmen directed a communication to the council asking that ordinance No. 222, prohibiting entry to homes under construction, be enforced. The communication was referred to Chief of Police Barney Hilton.

Two hundred yards of loam were purchased to finish the Vista Grande park job. The council adjourned out of respect to the late Timothy O'Rourke, one-time city councilman.

Rod and Gun Club Looking for Fish

Members of Daly City Rod and Gun club will enjoy their annual outing Sunday, October 1, it was learned today from George Wheeler, 352 San Diego avenue.

The sportsmen will set sail early in the morning on the good ship "Jubilee" for an unknown destination. "And we won't come back," says Wheeler, "until we find a spot where the fish are biting."

S. M. Pistol Team Win Honors Sunday

Blazing pistols and steady nerves told the story Sunday when the Sheriff's pistol team of San Mateo county competed in a meet sponsored by the Tamalpais Revolver club at San Rafael.

Local shooters included Grant Williams, Peoria street; Gene Keagle, Wilson street, and Ray Ottoboni, Colma. Ottoboni, captain of the San Mateo team, won four medals—in the rapid fire, time fire, cap and ball and for being the high man on his team. The team won the class "C" cup.

Included in the meet were teams from the police departments of San Francisco, Oakland, Alameda, San Rafael and many others, including the United Revolver club of Stockton and Sacramento.

Pistol shooting is becoming more popular every year, according to Captain Ottoboni. The San Mateo club offers a standing invitation for new members.

Jeff Gain Shown In Friday's Game

Jeff lost a hard-fought game with Vallejo Friday evening at Vallejo, 12-6, but showed better playing than in any other game so far this season.

Jeff's first team started off but were replaced by the second string after the first few plays. Vallejo scored twice but failed to convert. When the first team returned to the field later in the quarter, they played with the assurance of veterans.

In the third quarter Jeff took the ball down the field for sixty yards in a series of plays that went off like clock-work. Guisti scored.

Guisti played his usual bang-up game, but Capps evidently gave the opposition more trouble as Vallejo considered him the star of the game. Another boy to watch is Ruppert, who looks like he will go to town in a big way when he gets a few more games under his belt.

Two games will be played on the Jefferson field this week. The Varsity team meets Mission high tomorrow; and the sophomore squad plays Tamalpais Friday. Both games start at 3:30 p. m.

"LUCKY" TYRONE POWER IN ROMANTIC LEAD WITH SONJA HENIE AT DALY CITY THEATRE

Irving Berlin Film "Second Fiddle" Opening Tomorrow

Handsome Tyrone Power always plays a hunch, because it was a hunch that led him to his first big break.

But let Tyrone, who is co-starring with Sonja Henie in a romantic role at the Daly City theatre in Irving Berlin's "Second Fiddle," tell about it:

"Katharine Cornell was appearing in a play called 'Flowers of the Forest' and this was one play I really wanted to see. But I didn't have the money to buy a ticket. So I played a hunch. I called on Stanley Gilkey, manager of the Cornell company, a man I had met on several occasions, intending to ask for a pass to the show.

"Before I had a chance to speak, he asked me if I would be interested in a role as understudy to Burgess Meredith, the company's leading man. Would I be interested! Boy, that was really my lucky day. And a funny thing, too, before I left his office, he handed me two tickets and asked me if I would be able to make the show that night!"

One understudy role led to another and when the show closed he had a contract. Shortly thereafter he played important roles with Miss Cornell in "Romeo and Juliet" and "St. Joan" and it was through this latter production that he won his contract with Twentieth Century-Fox—a and overnight stardom.

In "Second Fiddle" Tyrone plays a motion picture press agent. Rudy Vallee and Edna May Oliver head the imposing supporting cast lined up by Production Chief Darryl F. Zanuck, which also includes Mary Healy, Lyle Talbot and Alan Dinehart.

Companion feature on the new bill is "Code of the Secret Service," starring Ronald Reagan.
